Caring for grandpa...and grandkids

Pelican Valley proposal to add day care facility would bring young, old together

By Louis Hoglund

There is an endurable demand for child care in the Pelican Rapids area, and Pelican Valley Health Center is among the leaders in responding.

The lower level of Riverview on Main is undervalued space which is well suited for potential use in day care operations. In collaboration with Children’s Learning Center, Corner Corner Falls, Pelican Valley board and administrators have worked together over the last few months to determine whether demand for on-site child care could be determined.

The Pelican Rapids school board and Pelican Valley Health Center have both expressed strong interest in seeing if they can make a go of this project, which will now take on the form of a partnership.

The board seeks a proposal for a day care concept being re-bid.

The board discussed a potential way that the project stall out late last year, when bids came in higher than expected. At that time, the board asked the contractors to go back to the drawing board to trim, shave, and modify the project in an effort to receive more competitive bids.

Back to the drawing board?

It is hoped that by rebidding the project, it can be completed for less than the $5.3 million estimate.

Jon Karger elected new chair of Pelican Rapids school board

In 2014, the Pelican facility experienced a 28 percent increase in use of the food shelf. The previous year was 13 percent up. This past January, the Pelican Valley Health Center board discussed the process which includes an annual fund raiser, a $2,500 food shelf grant, and numerous other services.

For the past two years, the Pelican Food Shelf has received maximum funding from the state and federal government, and has been able to hire and keep nurses, certified nurse assistants and support staff.

The Pelican Valley Health Center is testing the waters to determine if it can help meet that demand.

One of the Pelican Rapids area’s most active social service operations will improve efficiency and record-keeping through a $5,000 grant.

A touch of high tech will augment the human touch at the Pelican Valley Community Food Shelf, with the addition of computer hardware, software and necessary training. The grant was awarded by the Foundation for Essential Needs, a charitable non-profit based in Edina. The foundation is dedicated to connecting basic human needs such as food and community food shelves among the organization’s largest recipients.

Two representatives of the Pelican food shelf recently formally presented the grant. Susan Russell-Freeman and Tim Zojp toured the local shelf and met staff and board members.

Drinking driving results in 2,537 DWI arrests
Woman arrested in drinving of Minnesota State Trooper

Drinking driving is a choice—a choice that can have life-altering consequences for you or others on the road, "said Donna Ronge, Office of Traffic Safety director. "Even though we are encouraged by the declining DWI numbers, history has no record. Make the smart choice and plan for a sober ride.

Most dangerous days and cities
From Nov. 26 – December 31, Day 20 proved to be the most dangerous day on Minnesota roads as least traffic arrested on 300 people. In the Twin Cities metro region, the most DWI arrests during the campaign included:

- 148 – State Patrol District 2409 (East Metro)
- 133 – State Patrol District 2500 (West Metro)
- 100 – Minneapolis Police Department
- 94 – State Patrol District 2108 (Rochester)
- 80 – State Patrol District 2600 (St. Cloud)
- 70 – Clay County Sheriff's Office

Tips to prevent drunk driving
- Plan for a safe ride—designate a sober driver, use a designated driver, or be available to pick up a loved one anywhere, anytime.
- Use public transportation, ride a bike, or call a friend to take you home.
- Never use alcohol in a vehicle.

Definition
Driving While Impaired (DWI) is a violation for driving under the influence of alcohol, drugs, or any combination of substance or presence of alcohol in a person’s blood. Life has no rewind. -- a choice that can have life-altering consequences for you or others on the road. The health plan and its partners work with local organizations to improve the health of neighborhoods and communities and improve the health of people of all ages, cultures, and abilities in 2014.

UCare Foundation grants were awarded to organizations meeting four health improvement-related grant criteria for 2014:

- Preventive health care
- Public health and community engagement
- Promoting healthy lifestyles
- Programs for people with disabilities

About UCare
UCare (www.ucare.org) is an independent, nonprofit health plan providing health care and administrative services to more than 450,000 members. UCare partners with health care providers, counties, and community organizations to create and deliver health care services.

UCare serves more people from diverse cultures and more people with disabilities enrolled in Medical Assistance than any other health plan in Minnesota. The health plan addresses health care disparities and care access issues through its UCare Foundation grants and a broad array of community initiatives. The health plan has received Top 100 Workplaces honors from the Star Tribune for five consecutive years since the rankings began in 2010.

MINNESOTA Community College District Technical and College has named 700 students to its President’s List for the 2014 fall semester. To earn this honor, students must complete 12 or more college-level credits for the semester with a grade point average of 3.5 or higher. The highest attainable average is a 4.0.

A LOOK INSIDE DRUG STORE FROM BYGONE ERA

This interior view of Swan Drug, Pelican Rapids, is a glimpse at a main street pharmacy, probably in the late 1950s. Swan Drug and Savannah Drug were later bought by Dan Perrin, who owns and operates Pelican Drug today—also on main street.

Adding child care to Pelican Valley’s elderly care and housing services is a good fit.

Thankfully, we have the locally elected decision-making power to make the concept a reality for greater Pelican area.

Why I Appreciate America’s Veterans

Patton’s Pen: Young writers earn honors in VFW essay contest

Local winners of the Pelican Rapids VFW Post ‘Patton’s Pen’ contest have been announced.

West Grand Forks resident Hayden Christenson, second place; West Fargo resident John B. Smith, 3rd; and West Fargo resident Timothy J. Christensen, 4th.

The essay contest encourages young minds to examine American history and to explore patriotic themes through written expression.

I also appreciate veterans because of what they did after they left the military. If you ever go to a veteran’s hospital, you’ll realize that veterans care for veterans. I am amazed how minutemen are always first. What did they do for us? What did they give up to fight for us? What did they lose to fight for us?

Veterans are not people who hear about brave acts or read about the actions of others, but veterans are people who have been bravely fighting for our country.

Bravery means, a courageous behavior or the state of being brave. It’s amazing how veterans had the nerve to risk their lives to protect others. What does it take to be brave? I think you just need to know that your past is over and you need to be brave. What did they need to be brave for?

It’s amazing that they made lots of cemeteries and memorials for our fallen soldiers. What did they give up for being brave? We would probably be under control of a different government if our brave men and women hadn’t been there to protect us.

Veteran, when I hear that word I hear bravery, loyalty, and selflessness. Veterans are once soldiers, boys, who had served our country.

We would probably be under control of a different government if our brave men and women hadn’t been there to protect us. What did they give up? We need to celebrate heroes. What did our heroes do for us? A story, The Red Badge of Courage, was made to show how bravery is the bravest thing someone could ever do. What would we be without them, and just think of all they have done for us.

You need to be brave, you need to try your best. You need to do your best. You need to try your best.

Our heroes are the people who have been willing to stand up for something. Our heroes are the people who have been willing to fight for something. Our heroes are the people who have been willing to do something.

Some of the injuries veterans went through were badly noticeable, but some are not. They may still have a limp, but they may still be able to walk. They may still be able to drive.

A veteran is a person who has served in the military. Appreciation means recognize the full worth of. Together, we recognize all the very special people who have served in the military. Soldiers would train and go into battle knowing that they may not come back. They were brave enough to do what they did.

I appreciate veterans because of the things they’ve done to protect us. Would we be without them, and just think of all they have done for us.

I appreciate America’s veterans because of the things they’ve done to protect us. Would we be without them, and just think of all they have done for us.
Pelican Community Food Shelf earns high tech boost

take the plunge already!

infant baptism is a relatively recent practice in most Christian churches; relative to Jesus’ own baptism, that is. his baptism took place at the start of his public ministry, three years prior to his death on the cross. infant baptism became a later tradition.

followers of Jesus anticipated a baptismal initiation, in expectation of Jesus’ return, John the Baptist, called us to give our life to any baptism at all. cousin john knew that mere water compared little to the baptism of the holy spirit Jesus was about to unleash.

but, in his humble humaness, Jesus insisted John baptize him. the start of the bath of the holy spirit in Jesus was about to unleash.

In the Christian life, the only way to experience God’s blessings is to be willing to become a “man after God’s own heart.” He asked God to “Teach me how to be a man and no one or no thing can undo the work of God. What He has done will withstand any attack of Satan.

**Call for artists interested in creating artwork for**

**2015 Mills Phil Fest**

Artists are invited to submit their artwork for the main stage and other areas of the event. The artwork should be 2-dimensional, of any size, and should be able to withstand outdoor elements. The deadline for submissions is January 26. Contact Marv at 287-8676 or mmartinson@pelasgus.org for more information.

**LLOYD HERBST**

Pastor Lloyd Anthony Herbst died on January 3, 2015 in Pelican Rapids, MN. Born in St Paul, MN to Lloyd A Herbst, Sr and Anna (Clair) Herbst, he grew up in St Paul’s West 7th Ward. His childhood was spent in the North Avenue neighborhood and he was a member of Southview Lutheran Church. After graduating from Minneapolis Central High School in 1954, he married Dorothy Jane Pyle after completing French intensive training in Washington D.C. During his tour of duty in the U.S. Army, he was stationed in the off coast of Vietnam and then in Rota, Spain, where he and Dorothy learned to love Spanish culture. He is survived by his wife Dorothy and three children: Kurt and Janet of Pelican Rapids, MN; Nancy and Robert of Waconia, MN; and Brian and Laura of Chadron, NE.

He is also survived by his brother Walter and his brother-in-law, Donald Koepke, both of St Paul, MN. Lloyd and Dorothy have three grandchildren: Kurt, Alexander, and Ainsley Herbst. Dorothy is survived by her father, Arthur Clair, her mother, Zelma (nee Wall), her brother, John Clair, and her sister, Shirley (nee Wall) DeKrey.

Lloyd attended the University of Minnesota where he majored in French Literature and completed a Master of Liberal Arts (1958).

As a military officer, Lloyd was stationed in Wiesbaden, Germany for three and a half years and was discharged after completing military service in 1959. He then attended the University of Minnesota in St Paul and Minneapolis where he attended the University of Minnesota in St Paul and Minneapolis where he earned a Bachelor of Arts degree in French, graduating in 1960.

Lloyd worked for the U.S. Department of Labor in Washington, DC for 3 1/2 years and then purchased and operated a retail store in St Paul, MN for 15 years. During his career, Lloyd was known for his business acumen and his passion for teaching. He served as an officer for the American Association of Retired Persons (AARP) and was instrumental in the establishment of the St Paul Retired Officers Association.

In 1967, Lloyd married Dorothy Jane Pyle in St Paul, MN. Together they had three children: Kurt and Janet, Nancy and Robert, and Brian and Laura. After marrying Dorothy, Lloyd worked for the U.S. Department of Labor in Washington, DC for 3 1/2 years and then purchased and operated a retail store in St Paul, MN for 15 years. During his career, Lloyd was known for his business acumen and his passion for teaching. He served as an officer for the American Association of Retired Persons (AARP) and was instrumental in the establishment of the St Paul Retired Officers Association.

Lloyd was a member of St Paul’s West 7th Ward and was actively involved in his community. He was a member of the St Paul Retired Officers Association and was an active participant in community events. Lloyd was a true pioneer in his field and was widely respected for his contributions to the community.

He is survived by his wife Dorothy, three children: Kurt and Janet, Nancy and Robert, and Brian and Laura, and three grandchildren: Kurt, Alexander, and Ainsley Herbst.

**ALICE HOWLAND**

Alice P. Howland, 96, of Pelican Rapids, died Sunday, January 4, 2015, at Fairview Festival. Funeral services are pending.

Alice Peterson Svendsgaard was born on September 1, 1918, in Eau Claire, Wisconsin, to Jon and Anna (nee Peterson) Svendsgaard. Alice was supposed to be born on January 15, 1918, but complications she was delivered by Dr A.C. Yoakum in Pelican Rapids, Minnesota. Alice was the eldest child in the family and was known as “Lolli.”

She grew up by Long Lake, Minnesota, in the woods north of Pelican Rapids. The family was busy with farming, hunting, fishing and gardening.

She was baptized, confirmed and married from Teresa Lutheran Church in Pelican Rapids, Minnesota, and managed to help her family and friends while raising her own children. She attended school at District 51 in the 1930s and 1940s, and then moved to Saint Paul, Minnesota, where she lived until the 1950s.

She is survived by her daughter, Connie Hovland of Fergus Falls, Minnesota; and her son, Douglas Hovland of Pelican Rapids, Minnesota. She is also survived by her grandchildren, Linda Hovland of Fergus Falls, Minnesota, and Christopher Hovland of Pelican Rapids, Minnesota. She is also survived by her great-grandchild, Cory Hovland of Fergus Falls, Minnesota.

Alice was predeceased by her husband, Lloyd Howland, in 1973, and by her parents, Jon and Anna (nee Peterson) Svendsgaard.

Alice was a member of Teresa Lutheran Church in Pelican Rapids, Minnesota, and was a member of the St Paul Retired Officers Association. She was a member of the St Paul Retired Officers Association and was an active participant in community events. Lloyd was a true pioneer in his field and was widely respected for his contributions to the community.

Thank you for your generous donation to help provide care and support for cancer patients.
Pelican Rapids girls fall to Crookston

The Pelican Rapids girls basketball team hosted the Crookston Pirates on Monday night. The lady Vikings dropped the section game, 51-36. The struggle started shooting the ball and were not aggressive enough to keep the ball. We out-rebounded them and shot a better free-throw percentage,” said Coach Korf.

The Pirates came out in zone defense and made the Vikings make outside shots. In the first half, the Vikings struggled from the field and scored 13 points and Crookston led 22-13. During the second half, the Vikings hoped to get their offense clicking but only scored 23 points.

Despite falling short of reaching the top spot of the section, Moniker Energy / Arctic Cat / Ram Track’s Tucker Hibbert extended his points lead at the ISOC Canyons Noessner National in Shapakwe. Hibbert gained three points over second place, giving him a 140-138 lead in the Open Championship chase. Entering the Canyons Noessner National, Hibbert had his sights set on capturing his 100th career Pro National victory. He was fatman on the track both Friday and Saturday, but four points in the finals eluded him for the milestone win.

As the top qualifier Friday night, Hibbert had the first start line pick for the 15-lap, 15-lap final event. He had a solid jump off the line but got trapped by a slow-starting man and double back to eighth place. On lap six in turn two on the front, he pushed through the pack. On lap nine, he moved into second with leader, Ross Martin, in eighth. Closing on Martin, a battle on the inside of a clogged triangle bright Hibbert from his line and left him on the ground. He overtime the race in eighth place and put on a late charge to finish fourth.

Despite falling short of the lead at the Shapakwe Snocross event last weekend, Pelican Rapids hometown pro and Tucker Hibbert took his point lead. The 122-120 points margin was enough over second place. Hibbert is the 2012 and 2017 ISOC Snocross World Champion.

Hibbert extends points lead at Canterbury Snoross National

Pelican Rapids faces state-ranked Perham wrestlers

The Pelican Rapids High School wrestling team went up against number one state-ranked Perham Jan. 9. Though the Yellowjackets defeated the Pelican Vikings by a decisive 61-6 score, the final tally doesn’t tell the entire story.

“Our wrestlers worked really hard. The score doesn’t show how close we were in some of the matches,” said Bol.

The match was a one-sided match during some stretches. The Pelicans scored points during the match.

Denny Franca was named by coaches as “Wrestler of the Match”.

PELICAN RAPIDS vs. PERHAM

Hillcrest overpowers Pelican Community

The Viking boys basketball team traveled to Fergus Falls Feb. 4 to take on the Hillcrest Lutheran Academy Comets.

The score was 22-13 in favor of the Comets halfway through the first half, but it was all Hillcrest from there as they closed the half on a 55-0 run to take a 57-22 lead into halftime and took the game by a final score of 91-45.

“Hillcrest was playing at a different speed than we did last night and they really dictated the flow of the game on both ends of the floor,” said head coach John Glidell.

The goal was to win at least one meet to get 100 points, and that didn’t happen. Overall, the week was a success because we extended our points lead in the championship.”
By Louis Hoglund

The large Pelican Rapids crowd roared when young heavyweight Armando Diaz made his pinning his Wadena-Deer Creek opponent in only nine seconds–a dramatic victory in front of the hometown Pep Band and winning the meet for Pelican, 48-36.

It was showtime as the Pelican Rapids High School wrestling team hosted an extravaganza that included action on the mat, plus an exciting crowd atmosphere that featured the hometown Pep Band, Pelican's platoon of dancers, the Pelican-Rapids Pep Band and the Pelican-Rapids Pep Club's play-by-play of the matches.

The showstopper and finale, however, was the last match of the night; as ninth grader Armando Diaz, above, overpowered his Wadena-Deer Creek opponent–winning on a pin in nine seconds. Thunderous applause shook the gym, with Diaz breaking the tie and winning the meet for Pelican, 48-36.

The Pelican Rapids girls basketball team beat the Nuggets 65-40 on Friday night in Pelican Rapids, with Coach Holt. “It is the best introduction of the season,” beamed Coach Holt. “It is the best we had at going to the basket. It was the exact opposite on our shots early and that seemed to take away any aggressive-ness we had at going to the basket.”

The Nuggets lost their second half the Lady Vikings built the lead to twenty points and then the Lakers cut the lead to 12. Then, Mackenzie Korf hit an outside jumper and then a 3 pointer to help build the lead back to twenty.

Both teams we played against this past week shot the ball really well, as Hawley made 66 percent of their field goal attempts for the game,” said Coach Gullingsrud. “We have to improve our efficiency on the defensive end and as we have been giving up way too many easy shots to our opponents.”

The Vikings have three more road games this upcoming week coming to Pelican and winning the meet for Pelican, 48-36.

The Pelican Rapids girls basketball team beat the Nuggets 65-40 on Friday night in Pelican Rapids, with Coach Holt. “It is the best introduction of the season,” beamed Coach Holt. “It is the best we had at going to the basket. It was the exact opposite on our shots early and that seemed to take away any aggressive-ness we had at going to the basket.”

The Nuggets lost their second half the Lady Vikings built the lead to twenty points and then the Lakers cut the lead to 12. Then, Mackenzie Korf hit an outside jumper and then a 3 pointer to help build the lead back to twenty.

Both teams we played against this past week shot the ball really well, as Hawley made 66 percent of their field goal attempts for the game,” said Coach Gullingsrud. “We have to improve our efficiency on the defensive end and as we have been giving up way too many easy shots to our opponents.”

The Vikings have three more road games this upcoming week coming to Pelican and winning the meet for Pelican, 48-36.

The Lady Vikings made 11 of 14 free-throws (78.6%) while the Lakers made 9 of 16 free-throws (56.3%).

“The shot well from the foul-line lane and made free-throws late in the second half to seal the victory. I am proud of our effort and we need to continue to build off this game,” said Coach Holt. The Vikings host Hawley at home on Thursday, Breckinridge at home on Friday and then travel to Morris on Saturday for a boy and girl doubleheader.

Pelican at ‘Nighthawks’ 3rd annual wrestling tournament

The Pelican wrestling teams did very well last weekend, competing in three tournaments and bringing home lots of medals.

In the annual wrestling tournament, Pelosi placed 12th with 125 points. The highest placing team from their section was Staples-Madeira, who took seventh with 155 points. “Our dual with Staples late this month will be very important because the winner could be the 4th seed in the tournament,” stated Coach Holt. The tournament was held at the Heart O’ Lakes Conference.

The Pelican grade 7 girls team ended the season at 10-5. They were consolation winners at the Prairie Valley tournament.

Pelican girls, boys play doubleheader in Morris

Boys and girls will take center court for the action, when Pelican Rebels travel to Morris for a doubleheader January 17 in the gym for the boys. Boys and Girls C-squads and B-squads play at 4:30.

The Pelican Rebels 7th grade girls basketball season ended on a high. They were well-coached and well-traveled. The Pelican Rebels basketball team are a team that proved to be too much for their opponents. This season was a successful one for the girls as the game was played in North Dakota and Minnesota. The girls averaged 35.5 seconds for their matches across the board. Coach Holt thanked the Pelican Rapids Jaycees for contributing in their efforts to the game. They really don’t think that changes affected our guys very much, but we definitely had problems with their

Minnesotans urged to fight flu, viruses by staying home when ill

With the state in the midst of a particularly influenza season, health officials are urging Minnesotans to protect themselves and others by staying home when they are ill.

The latest weekly influenza report published by the Minnesota Department of Health shows influenza activity continuing at a high level in the state. Outbreaks in long-term care facilities are occurring, hospitalizations due to influenza remain high, and schools continued to see increases in influenza-like illness.

In addition, the state is dealing with a large number of norovirus outbreaks this winter. Since Nov. 1, 2014, 43 outbreaks have been reported to the department, bringing the second highest start to the norovirus season in 25 years, according to health officials said.

According to Minnesota Health Commissioner Dr. Ed Ehlinger, these illnesses can hit particularly hard among school children and the elderly in long-term care facilities. One of the best ways to help protect these more vulnerable groups is to keep all people home for the duration of their illness.

Some other tips people can encounter problems with other infectious diseases in long-term care facilities, but this year we seem to be getting ting lighter than normal.

COURTHOUSE REMODELING

IN FINAL PHASES OF WORK

The county board of commissioners discussed a proposal agreement with the Water Management District, which would authorize and fund three county inspections.

A motion by Commissioner Doug Harbeck and seconded by Commissioner Roger Fraszewicz was unanimously passed to approve the concept of the agreement.

Board members requested that County Attorney David Hansen complete the language and prepare a document for county board approval.

THURSDAY RIBS: Fully Cooked Ribs on Sale - $4.09 lb on Thursday... Reg. $4.69
EACH

By Commissioner Los Rogness and seconded by Commissioner Wayne Johnson was unanimously carried to approve a proposal agreement to Hoil for his contribution to the commission projects he has managed for the county. Most notably said commissioners, is the current courthouse remodeling project.

Appeal, equalization

County board of commissioners discussed seven hand gun applications near Perham. The other reported six handgun applications in the town of Henning and Fergus Falls.

County board of Equalization will reconvene its final meeting on Tuesday, June 23, 2015.

Each year the county appeals the property owner. This is done either in person or through a representative regarding assessment, yearly valuation and/or classification issues impacting tax parcels located in various townships and cities within Otter Tail County.

THE RESSEP

Courthouse remodeling in final phases of work

Elizabeth area home burglarized

By Tom Hintgen
Pelican Rapids Correspondent

The Sheriff’s Office received a residential burglary report east of Elizabeth, near the intersection of highways 10 and 200B Avenue. The incident was reported Jan. 26. By the demands of the property owner who has taken care of the property for her elderly mother.

A small fire proof safe was last seen from the bedroom in the home.

It was found that a walk-up to the attached garage was made by a person and the Elizabeth police and Sheriff Lt. Barry Fjeldbogus.

From there, a door leading into the house was broken in and fire also allowed access into the house.

Low enforcement said the incident likely took place in the previous two to three days.

Vehicle and foot tracks were found around the property in the snow. It was unknown as to costs related to damage. The incident, as of Friday, Jan. 30, was under investigation.

Identity theft reported

A Battle Lake resident reported identity theft to the Sheriff’s Office. The incident was called in at 11:40 a.m. on Jan. 9. No further details were available.

Handgun applications

The Sheriff’s Office received six handgun applications from Jan. 3 to Jan. 9. Three of the applications came from residents in and near Perham. The other three handgun applications came from residents in Dent, Henning and Fergus Falls.

A motion by Commissioner Los Rogness and seconded by Commissioner Wayne Johnson was unanimously carried to approve a proposal agreement to Hoil for his contribution to the commission projects he has managed for the county. Most notably said commissioners, is the current courthouse remodeling project.

County drainage system update

Kevin Farbick, county ditch inspector, submitted a cleanout request to county commissioners for the ditch Ditch 15 and 18 in the Dead Lake area of Otter Tail County.

A motion by Commissioner Doug Harbeck of Perham and seconded by Wayne Johnson of Pelican Rapids was unanimously carried to approve a cleanout of the ditches as submitted on the map dated Dec. 12, 2014.

A payment to the contractor will be based on an hourly rate.

Fullbaum also told commissioners that channel proposal to ditch Ditch 63 near Alber Lake, northeast of Elizabeth, has been completed. Work was done at the outlet to the lake where the old ditch was functioning but the new tile was not operating.

“The water is now running into the new ditch,” said Fullbaum. “Additional work will be completed in Ditch 63.”

By Commissioner Los Rogness and seconded by Commissioner Wayne Johnson was unanimously carried to approve a proposal agreement to Hoil for his contribution to the commission projects he has managed for the county. Most notably said commissioners, is the current courthouse remodeling project.
