**City to pursue kiosk sign program to clean up views**

By David White

The council that gave the go-ahead to the proposal during its regular monthly meeting March 11, also sent the idea because the signs would not be charged sign permit fees for erecting the signs, which would be located in the city’s right-of-way.

“With a way to direct people, it’s a good project,” Boren said.

The kiosk sign company Webster said he had participated in the review of the proposal with Boren, and that also he supported it as a viable plan. The signs could also point out areas of interest such as the city park, he said.

“I would give the city free signs,” Webster said. “This is way for people to get directions.”

World Amateur Radio Day is April 18

Amateur radio enters second century of disaster communications

Special to The Monitor

ATHENS—More than 700,000 people in the United States and about 2½ million worldwide, carry a “ham radio” license. This international community of wireless communications devotees will celebrate World Amateur Radio Day Thursday, April 18 as they recall the technical advances the Amateur Radio Service has made and their ongoing role in crisis communication.

The International Amateur Radio Union (IARU) and its member societies representing more than 160 countries around the world celebrate World Amateur Radio Day each year on April 18, the anniversary of the founding of the IARU. This is the 88th anniversary of the founding of the IARU. The 2013 theme “Amateur Radio: Entering Its Second Century of Disasters Communications” highlights the continuing importance of radio amateurs in disasters as they find ways to communicate worldwide without relying on commercial systems.

Today’s hams continue to explore new frontiers. Radio amateurs are finding ways to use frequencies at the fringes of the radio spectrum while developing marriages of radio, the Internet and experimenting with new forms of digital communications. Ham radio operators are “amateurs” only because they are unpaid volunteers, but their skills and contributions to the world are of the highest order. Within Henderson County, there are two very active clubs, the Athens Amateur Radio Club, www.athens-arc.org, and the Cedar Creek Amateur Radio Club, www.4dx.org.

Together, they participate in the Amateur Radio Emergency Service during severe weather and when activated by County Emergency Management.

**Governor doubles reward in McLelland murders**

By David Wettew

AUSTIN—The unprecedented size of a district attorney’s $50,000 reward for information leading to the arrest and conviction of the killers of Texas Attorney General Ed Oehlers and Kaufman County Judge Mike McLelland would be doubled, with a new reward of $100,000. Perry made the announcement at a memorial service attended by his office would continue to support the investigation of both Oehlers and McLelland’s murders.

Gov. Rick Perry said that he was targeting the conviction of those who perpetrated these “heinous and cruel” crimes.

Perry said that if information leading to the arrest and conviction of the killers of Texas Attorney General Ed Oehlers and Kaufman County Judge Mike McLelland is turned over to the district attorney’s office, it will be doubled, with a new reward of $100,000.

Perry said that the reward will be increased from $50,000 to $100,000, and that the investigation will be continued.

KAUFMAN—“Former Students of Texas A&M University will assemble in Kaufman on April 21, for the annual Texas Aggie Muster in honor of all Texas Aggies who have passed away within the last year,” Muster Chair Justin Hobbs said.

The Muster will be at 6 p.m. Sunday, April 21, at the Kaufman High School Cafetorium located at 325 S. Houst

The list of Aggies to be honored includes former Kaufman County Deputy Chief Appraiser Roland Bomberger, Kaufman County Assistant District Attorney Mark Haase, and Lazar Maintenance Group in Forney owner Charles Dickson.

“This year we are pleased to be joined by Mt. Gerry Griffin, known for his dedication to the NASA space program, first as a flight controller, followed by lead flight director for Apollo 12, Apollo 15 and Apollo 17, and then serving as director for the Johnson Space Center in Houston,” Hobbs said.

Also highlighting his career is serving as a technical advisor for films including Apollo 11, Contact, Deep Impact and Apollo 18.

“We are honored that he is participating as the featured speaker for this year’s Muster!”

Muster activities will include dinner catered by Eddie Deen, program with guest speaker Gerry Griffin and a candle-lighting ceremony.

The Texas Aggie Muster welcomes all former and current students, friends as well as members of the community.

Spanning more than a century, Aggie Muster has grown in to be one of Texas A&M’s most revered traditions, observed in more than 300 locations around the world.

Muster honors the memory of A&M men and women whose death prevents them from answering Roll Call at this year’s Muster. The Roll Call is a roster compiled of all former and current students who have died over the past year.

As each name is called, a friend or family member will answer “Here!” symbolizing that their memory lives on in the hearts of Aggies everywhere. Muster is more than just a ceremony; it is also a way for Aggies to reunite, each year, the loyalty and unity which constitutes the foundation of their friendship for each other, and love and devotion for their school.

For more information regarding the Texas Aggie Muster held in Kaufman County, please contact Justin Hobbs at justin.hobbs@gmail.com.

RSVP requested no later than Thursday, April 18.

Additional information about Texas Aggie Muster and other Texas A&M traditions and programs can be obtained by contacting The Association of Former Students at (979) 845-7514 or go to www.AggieNetwork.com.

**Blind pianist to perform at St. James**

KEMP—St. James on the Lake Episcopal Church will host pianist Duncan Holmes at its monthly praise and worship service at 6 p.m. Sunday, April 14.

Blind since birth and Christian since 16, Holmes was the first blind student to tour with the all-student USA summer tour of Europe in 1968. He has shared his love of music and Christianity at churches, schools, prisons and private gatherings for many years.

Holmes received his Bachelor of Music degree in piano performance at Shenandoah Conservatory of Music in Winchester, Va., and a master’s degree in music education from North Texas State University of North Texas.

He is the pianist for the Hill County Evangelical Free Church and volunteers to play piano for local nursing homes.

Holmes has a testimony of God’s grace and a powerful gift of music.

Central Presbyterian Church in New York pastor Rev. Roy Aldridge said, “Before Jesus found me, I was, at best, a bit- tter, self-centered weakling. When I stopped res- igning and let Him into my heart, He slowly began changing me in sometimes quiet, sometimes drastic, sometimes painful ways. He’s doing that still.”

Christian pianist Duncan Holmes will perform at 6 p.m. Sunday, April 14, at St. James on the Lake Episcopal Church.

KEMP, EUSTACE compete at District 13-2A golf meet

Monitor Staff Reports

MINEOLA—The Mabank Lady Panther softball team traveled to Mineola to face the Lady Yellowjackets Friday and came away with an important 2-1 win.

The Lady Panthers entered the game with a 4-0 district mark, while Mabank had a 2-4 record.

“The win does a lot for the Lady Panthers’ chance to make the playoffs,” Mabank head coach Mark Owen said. “Tuesday’s (April 9) game in Bonham is one of the biggest games of the year. We need to play well and get a win.”

The Lady Panthers scored both goals for Mabank against Texas High. Mabank scored their first goal with 16 minutes left in the second half of the game.

The game-winning goal came with seven minutes left in the second overtime period.

“Kaylee Creagh, Victoria Turner and Kyla Houson were three freshmen that really stepped up and had very good games,” Mabank head coach Matthew Lemose said.

“Texarkana Texas High played great but they were very well coached and took it to use for most of the game,” he added.

“My girls never gave up and kept fighting and turned our game plan to help pull out a win. I was very proud that they never quit and overcame some difficult circumstances to win the game,” he commented.

The Lady Panthers faced the Red Oak Lady Hawks in the regional quarterfinal game at E.H. Hashby Stadium in Mesquite Tuesday.

The Red Oak girls defeated the Mabank Lady Panthers last year, and the Lady Panthers seek to push past them this year.

“We are in the fourth round of the playoffs so there will be no easy games. I expect Red Oak to be a very tough team and for my girls to step up to the challenge like they have all year,” Lemose said.

The Bulldogs failed to score in the top of the sixth inning, but Scurry added four runs to take the lead.

The Bulldogs failed to score in the top of the sixth inning, but Scurry added four runs to take the lead 7-7.

“The score remained the same until Eustace rallied off four runs in the top of the seventh inning, while preventing to allow Scurry to score in the bottom. Once Chance Scott, Stephen Stine, Kyle Purselley, Marcus Williamson and John Bradburn each had two for Eustace. Williamson, Forrest Lane, Ryan Brown and Gavin Kirkhart all had two RBIs for the Bulldogs. Williamson scored three times, Aislinn Givan scored two and Scott scored twice.

Eustace traveled to Palmer April 9, and will host Malakoff April 12.

Meanwhile, the Lady Bulldogs were in Red Oak defeating the Lady Mustangs 5-2.

Lady “Dog pitcher Casey Burnhill struck out 10 Red Oak batters in her winning appearance. The win gives the Lady Bulldogs a 5-4 district record.
ATHENS—More than 650 people attended the annual Outdoor Fools Day event at the Texas Freshwater Fisheries Center in Athens April 6.

The event provides many activities for children and adults to learn about the outdoors while having fun in the process. “It was a very fun and successful day,” TFFC media contact Larry Hodge said. The annual event is described as having two goals: to let you know what’s out there to enjoy and to teach you how to do it.

Activities such as kayaking, fly-fishing, cooking campfire meals, learning about outdoor animals, cleaning and cooking fish and getting to interact with campfire dogs were among the activities provided.

People were not only shown how things are done, but given a chance to do them for themselves un- der the watchful eye of an expert.

In the “Wildlife on the Move” show, presenter Eric “Mr. B” Brittingham showed a variety of animals such as snakes, spiders, cockroaches and hedges.

Several young audiences members had the chance to hold the animals, and everybody had the opportunity to touch and feed a 9-foot boa constrictor.

Regular TFFC activities were also available, including the dive shows and tours. The event was sponsored by several Athens-area businesses, as well as Friends of the TFFC.

The Texas Freshwater Fisheries Center is located at 5550 Farm-to-Market 2495, about four miles east of Athens. For more information about the Texas Freshwater Fisheries Cen- ter, call (903) 676-2277 or visit www.tpwd.state.tx.us.
